#### IV. LAW

The Commission is authorized to fix or approve just and reasonable motor vehicle carrier rates. S.C. Code Ann. § 58-23-1010 (2015) and S.C. Code Ann. Regs. 103-192 (2012). Once rates are approved, motor carriers are prohibited from charging more or less than the rates specified in lawful tariffs, schedules, or by specific order of the Commission. S.C. Code Ann. Regs. 103-198 (2012). This principle is generally known as the filed-rate doctrine. Under this doctrine, a regulated entity is prohibited from charging rates for its services other than those properly filed with the appropriate regulatory authority. **64 Am. Jur. 2d Public Utilities § 62 (August 2020).**<sup>3</sup>

*Id.* "The filed-rate doctrine serves to provide predictability and certainty to enable [...] customers to make decisions according to the rates as approved and the cost of what they are receiving." *Id.* It recognizes that the regulated entity has the freedom to set fair rates but serves to prevent customer discrimination. *Id.* Further, undue preference is not permitted. S.C. Code Ann. Regs. 103-197 (2012). No motor carrier can give unreasonable preference, unjust discrimination, or undue or unreasonable prejudice or disadvantage to any "person, port, gateway, locality, or description of traffic." *Id.*

The Company has had no complaints lodged against it. No person or party has stated opposition to approval of the amended tariff. Accordingly, the Application of All My Sons to increase hourly rates and implement other tariff changes should be approved.

**NOTICE**  
**LIMITATION OF LIABILITY ON**  
**PRESSBOARD, PARTICLE BOARD AND/OR**  
**ENGINEERED WOOD FURNITURE**

Furniture manufactured from press-board, particleboard, and/or engineered wood is designed to be moved into a box from the manufacturer to the retailer and then to the end user unassembled. It is not designed to withstand the normal stress of a move as an assemble unit. Most is not designed with the extra wood structural pieces to adequately brace the unit for movement out of or into a residence, nor the normal truck vibration even in air-ride trailers. Usually chips and dents are not repairable. Surface Impressions can be made on the furniture when writing on a single piece of paper. Assembly instructions frequently suggest that the connecting hardware pieces be glued in place. This does not significantly improve the structural integrity of the pieces, but does make disassembly impossible without creating substantial, un-repairable damage.

- **Option 1-** I/we choose to disassemble all press-board, particleboard and/or engineered wood furniture prior to the move. I/we assume all responsibility for damage to the press-board, particleboard and/or engineered wood furniture, which may occur during the disassembly of the furniture.
- **Option 2-** I/we have engaged the services of another individual or company to disassemble all press-board, particleboard and/or engineered wood furniture prior to the move. I/we assume all responsibility for damage, which may occur to the press-board, particleboard and/or engineered wood furniture during the disassembly of the unit(s).
- **Option 3-** I/we am/are tendering furniture constructed of press-board, particleboard and/or engineered wood furniture fully assembled as part of our move. I/ we understand that any claims for damages to the press-board, particleboard and/or engineered wood furniture may be denied due to inherent vice, based upon the fact that fully assembled press-board, particleboard and/or engineered wood furniture is inherently susceptible to damage as outlined above.
